7000 SERIES FLYSCREEN

The 7000 Series Flyscreens are robust systems that are easy to operate and maintain.

The system is contained within a neat cassette with guide rails to hold the insect mesh. Designed to meet legislation for commercial kitchens and any area where hygiene and fresh air without insect invasion is important, it has the protection of a standard fixed panel with the convenience of a roller blind.

INTERLACE WARRANTY

InterLace 7000 Series Flyscreens are covered against defective manufacturing for 12 months from the date of installation.

This warranty does not cover misuse, damage caused after installation, or vandalism. InterLace liability is limited to the replacement of defective products like for like only. InterLace is committed to a program of continuous product improvement.

Please be advised that specifications, performance, appearance, and dimensions of InterLace products are subject to change without notice. InterLace reserves the right to the final decision in the event of any warranty claim.
