GENERAL
Blind sections and elevations are indicative of blind system type and dimensions. InterLace reserve the right to alter products without notice on the basis of continuous improvement.
TOLERANCE
Please note that tolerance must be allowed on any dimensions given to take any potential variations in manufacturing and other conditions into account.
COLOURS
Please contact InterLace for any requests for colour swatches or samples.
CUSTOM METAL COLOURS
Most metal parts can be custom colour coated to an RAL reference using a polyester powder coating. Please check compatibility before specifying.
AUTOMATION CONTROLS
Requirements for controls are Indicative only. Please contact InterLace for specific advice on control installations.
WIRING
All wiring including cabling, containment and connections is assumed to be project specific and by others and is not included within any generic recommendations made.
FIXING
This drawing does not take individual fixing situations into account. InterLace are not responsible for the substrate provided.

Dimensions in millimetres unless stated otherwise. Dimensions may vary from this drawing including fabric gaps and bracket dimensions due to the nature of the products. Do NOT scale from this drawing, if in doubt please ask.

Note - To Achieve a high level of blackout it may be necessary to add a silicon bead around the blind to allow for any imperfections in the surrounding structure.
